SUBCHAPTER I—GENERAL PROVISIONS

§ 1621. Congressional declaration of purpose; use of existing facilities; cooperation with States

The Congress declares that a sound, efficient, and privately operated system for distributing and marketing agricultural products is essential to a prosperous agriculture and is indispensable to the maintenance of full employment and to the welfare, prosperity, and health of the Nation. It is further declared to be the policy of Congress to promote through research, study, experimentation, and through cooperation among Federal and State agencies, farm organizations, and private industry a scientific approach to the problems of marketing, transportation, and distribution of agricultural products similar to the scientific methods which have been utilized so successfully during the past eighty-four years in connection with the production of agricultural products so that such products capable of being produced in abundance may be marketed in an orderly manner and efficiently distributed. In order to attain these objectives, it is the intent of Congress to provide for (1) continuous research to improve the marketing, handling, storage, processing, transportation, and distribution of agricultural products; (2) cooperation among Federal and State agencies, producers, industry organizations, and others in the development and effectuation of research and marketing programs to improve the distribution processes; (3) an integrated administration of all laws enacted by Congress to aid the distribution of agricultural products through research, market aids and services, and regulatory activities, to the end that marketing methods and facilities may be improved, that distribution costs may be reduced and the price

spread between the producer and consumer may be narrowed, that dietary and nutritional standards may be improved, that new and wider markets for American agricultural products may be developed, both in the United States and in other countries, with a view to making it possible for the full production of American farms to be disposed of usefully, economically, profitably, and in an orderly manner. In effectuating the purposes of this chapter, maximum use shall be made of existing research facilities owned or controlled by the Federal Government or by State agricultural experiment stations and of the facilities of the Federal and State extension services. To the maximum extent practicable marketing research work done under this chapter in cooperation with the States shall be done in cooperation with the State agricultural experiment stations; marketing educational and demonstrational work done under this chapter in cooperation with the States shall be done in cooperation with the State agricultural extension service; market information, inspection, regulatory work and other marketing service done under this chapter in cooperation with the State agencies shall be done in cooperation with the State departments of agriculture, and State bureaus and departments of markets.

(2) An additional \$2,500,000 for the fiscal year ending June 30, 1948, and each subsequent fiscal year.

(3) An additional \$5,000,000 for the fiscal year ending June 30, 1949, and each subsequent fiscal year.

(4) An additional \$5,000,000 for the fiscal year ending June 30, 1950, and each subsequent fiscal year.

(5) An additional \$5,000,000 for the fiscal year ending June 30, 1951, and each subsequent fiscal year.

(6) In addition to the foregoing, such additional funds beginning with the fiscal year ending June 30, 1952, and thereafter, as the Congress may deem necessary.

Such sums appropriated in pursuance of this chapter shall be in addition to, and not in sub-

stitution for, sums appropriated or otherwise made available to the Department of Agriculture.

(b) The Secretary of Agriculture is authorized to make available from such funds such sums as he may deem appropriate for allotment to State departments of agriculture, State bureaus and departments of markets, State agricultural experiment stations, and other appropriate State agencies for cooperative projects in marketing service and in marketing research to effectuate the purposes of this chapter: *Provided*, That no such allotment and no payment under any such allotment shall be made for any fiscal year to any State agency in excess of the amount which such State agency makes available out of its own funds for such research. The funds which State agencies are required to make available in order to qualify for such an allotment shall be in addition to any funds now available to such agencies for marketing services and for marketing research. The allotments authorized under this section shall be made to the agency or agencies best equipped and qualified to conduct the specific project to be undertaken. Such allotments shall be covered by cooperative agreements between the Secretary of Agriculture and the cooperating agency and shall include appropriate provisions for preventing duplication or overlapping of work within the State or States cooperating. Should duplication or overlapping occur subsequent to approval of a cooperative project or allotment of funds, the Secretary of Agriculture is authorized and directed to withhold unexpended balances on such projects notwithstanding the prior approval thereof.

§ 1624. Cooperation with Government and State agencies, private research organizations, etc.; rules and regulations

(a) In carrying out the provisions of this chapter, the Secretary of Agriculture may cooperate with other branches of the Government, State agencies, private research organizations, purchasing and consuming organizations, boards of trade, chambers of commerce, other associations of business or trade organizations, transportation and storage agencies and organizations, or other persons or corporations engaged in the production, transportation, storing, processing, marketing, and distribution of agricultural

products whether operating in one or more jurisdictions. The Secretary of Agriculture shall have authority to enter into contracts and agreements under the terms of regulations promulgated by him with States and agencies of States, private firms, institutions, and individuals for the purpose of conducting research and service work, making and compiling reports and surveys, and carrying out other functions relating thereto when in his judgment the services or functions to be performed will be carried out more effectively, more rapidly, or at less cost than if performed by the Department of Agriculture. Contracts under this section may be made for work to be performed within a period not more than four years from the date of any such contract, and advance, progress, or other payments may be made. The provisions of section 3324(a) and (b) of title 31 and section 5 of title 41 shall not be applicable to contracts or agreements made under the authority of this section. Any unexpended balances of appropriations obligated by contracts as authorized by this section may, notwithstanding the provisions of section 5 of the Act of June 20, 1874, as amended (31 U.S.C., sec. 713), remain upon the books of the Treasury for not more than five fiscal years before being carried to the surplus fund and covered into the Treasury. Any contract made pursuant to this section shall contain requirements making the result of such research and investigations available to the public by such means as the Secretary of Agriculture shall determine.

(b) The Secretary of Agriculture shall promulgate such orders, rules, and regulations as he deems necessary to carry out the provisions of this chapter.

REFERENCES IN TEXT

Section 5 of the Act of June 20, 1874, as amended (31 U.S.C. sec. 713), referred to in subsec. (a), was repealed by act July 6, 1949, ch. 299, § 3, 63 Stat. 407.

CODIFICATION

In subsec. (a), "section 3324(a) and (b) of title 31" substituted for reference to section 3648 (31 U.S.C., sec. 529) of the Revised Statutes on authority of Pub. L. 97-258, § 4(b), Sept. 13, 1982, 96 Stat. 1067, the first section of which enacted Title 31, Money and Finance.

AMENDMENTS

1954—Subsec. (b). Act Aug. 30, 1954, repealed second sentence requiring Secretary of Agriculture to include in his annual report to Congress a complete statement of research work being performed under contracts or cooperative agreements under this chapter.

DISTRIBUTION OF SURPLUS COMMODITIES

Pub. L. 97-253, title I, § 191, Sept. 8, 1982, 96 Stat. 787, provided that:

"(a) The Congress finds that—

"(1) for an increasing number of people in the United States, these are times of great suffering and deprivation;

"(2) rising unemployment, decreasing appropriations for social services, and increasingly adverse economic conditions have all contributed to produce hunger and want on a scale not experienced since the time of the Great Depression;

"(3) the demand for every conceivable form of assistance for the hungry and needy people of the

United States grows more critical daily, while the availability of goods and services to meet the needs of such people is rapidly diminishing;

“(4) soup kitchens, food banks, and other organizations which provide food to the hungry report an astronomical increase in the number of persons seeking the assistance of such organizations;

“(5) according to a study completed by the General Accounting Office in 1977, one hundred and thirty-seven million tons of food, or more than 20 per centum of this country’s total annual food production, is wasted or discarded in the United States each year;

“(6) at wholesale and retail food distributors, shipping terminals, and other establishments all across the country, enormous quantities of fresh fruits and vegetables and dated dairy and bakery products are discarded each day, while growing numbers of Americans go to bed hungry and undernourished each night;

“(7) in these times of budget constraints and appeals for reductions in Federal spending, the use of private resources to meet the basic food requirements of our citizens should be encouraged; and

“(8) many States and local governments have not enacted laws which limit the liability of food donors, such as so-called Good Samaritan Acts and donor liability laws, and thus have discouraged donation of food to the needy by private persons.

“(b) It is the sense of the Congress that—

“(1) departments and agencies of the Federal Government should take such steps as may be necessary to distribute to hungry people of the United States surplus food or food which would otherwise be discarded;

“(2) State and local governments which have not yet enacted so-called Good Samaritan or donor liability laws to encourage private cooperative efforts to provide food for hungry people within their respective jurisdictions should do so as quickly as possible; and

“(3) wholesale and retail food distributors, shipping terminals, and other establishments should work more closely with religious, community, and other charitable organizations to make wholesome food which is currently being wasted or discarded by such establishments available for immediate distribution to hungry people of the United States.”

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in title 35 section 210; title 42 section 418.

§ 1625. Transfer and consolidation of functions, powers, bureaus, etc.

In order to facilitate administration and to increase the effectiveness of the marketing research, service, and regulatory work of the Department of Agriculture to the fullest extent practicable, the Secretary of Agriculture is authorized, notwithstanding any other provisions of law, to transfer, group, coordinate, and consolidate the functions, powers, duties, and authorities of each and every agency, division, bureau, service, section, or other administrative unit in the Department of Agriculture primarily concerned with research, service, or regulatory activities in connection with the marketing, transportation, storage, processing, distribution of, or service or regulatory activities in connection with, the utilization of, agricultural products, into a single administrative agency. In making such changes as may be necessary to carry out effectively the purposes of this chapter, the records, property, personnel, and funds of such agencies, divisions, bureaus, services, sections, or other administrative units in the Department of Agriculture affected are author-

ized to be transferred to and used by such administrative agency to which the transfer may be made, but such unexpended balances of appropriations so transferred shall be used only for the purposes for which such appropriations were made.

(Aug. 14, 1946, ch. 966, title II, § 206, 60 Stat. 1090.)

§ 1626. Definitions

When used in this chapter, the term “agricultural products” includes agricultural, horticultural, viticultural, and dairy products, livestock and poultry, bees, forest products, fish and shellfish, and any products thereof, including processed and manufactured products, and any and all products raised or produced on farms and any processed or manufactured product thereof, and the term “State” when used in this chapter shall include the Virgin Islands and Guam.

(Aug. 14, 1946, ch. 966, title II, § 207, 60 Stat. 1091; Pub. L. 92-318, title V, § 506(f), June 23, 1972, 86 Stat. 351.)

AMENDMENTS

1972—Pub. L. 92-318 inserted definition of “State” as including Virgin Islands and Guam.

EFFECTIVE DATE OF 1972 AMENDMENT

Amendment by Pub. L. 92-318 effective after June 30, 1970, see section 506(n) of Pub. L. 92-318, set out as a note under section 326a of this title.

§ 1627. Appointment of personnel; compensation; employment of specialists

The Secretary of Agriculture shall have the power to appoint, remove, and fix, in accordance with existing law, the compensation of such officers and employees, and to make such expenditures as he deems necessary, including expenditures for rent outside the District of Columbia, travel, supplies, books, equipment, and such other expenditures as may be necessary to the administration of this chapter: *Provided*, That the Secretary of Agriculture may appoint any technically qualified person, firm, or organization by contract or otherwise on a temporary basis and for a term not to exceed six months in any fiscal year to perform research, inspection, classification, technical, or other special services, without regard to the civil-service laws.

(Aug. 14, 1946, ch. 966, title II, § 208, 60 Stat. 1091.)

REFERENCES IN TEXT

The civil-service laws, referred to in text, are set forth in Title 5, Government Organization and Employees. See, particularly, section 3301 et seq. of Title 5.

CODIFICATION

Provisions that authorized the Secretary of Agriculture to “fix the compensation” of any technically qualified person, firm, or organization by contract or otherwise on a temporary basis and for a term not to exceed six months in any fiscal year to perform research, inspection, classification, technical or other special services, without regard to the “Classification Act of 1923, as amended” were omitted as obsolete. Sections 1202 and 1204 of the Classification Act of 1949, 63 Stat. 972, 973 repealed the 1923 Act and all laws or parts of laws inconsistent with the 1949 Act. While section 1106(a) of the 1949 Act provided that references in other laws to the 1923 Act should be held and considered to

mean the 1949 Act, it did not have the effect of continuing the exceptions contained in this subsection because of section 1106(b) which provided that the application of the 1949 Act to any position, officer, or employee shall not be affected by section 1106(a). The Classification Act of 1949 was repealed by Pub. L. 89-554, §8(a), Sept. 6, 1966, 80 Stat. 632 (of which section 1 revised and enacted Title 5, U.S.C., into law). Section 5102 of Title 5, now contains the applicability provisions of the 1949 Act, and section 5103 of Title 5 authorizes the Office of Personnel Management to determine the applicability to specific positions and employees.

§ 1628. Repealed. Pub. L. 93-86, § 2, Aug. 10, 1973, 87 Stat. 246

Section, acts Aug. 14, 1946, ch. 966, title III, §301, 60 Stat. 1091; Dec. 29, 1967, Pub. L. 90-233, 81 Stat. 752, provided for establishment and staffing of a national advisory committee to aid in implementing the research and service work authorized under this chapter, sections 427 and 427i of this title and former sections 427h and 427j of this title, and set forth functions of such committee.

§ 1629. Establishment of committees to assist in research and service programs

In the furtherance of the research and service work authorized by sections 427 and 427i of this title and this chapter, the Secretary of Agriculture may, in addition to the national advisory committee, establish appropriate committees, including representatives of producers, industry, government and science, to assist in effectuating specific research and service programs.

(Aug. 14, 1946, ch. 966, title III, §302, 60 Stat. 1091.)

REFERENCES IN TEXT

The national advisory committee, referred to in text, was established by section 1628 of this title, which was subsequently repealed by Pub. L. 93-86, § 2, Aug. 10, 1973, 87 Stat. 246.

CODIFICATION

Section was not enacted as part of the Agricultural Marketing Act of 1946 which comprises this chapter.

§ 1630. Omitted

CODIFICATION

Section, act June 4, 1956, ch. 355, title V, §508, 70 Stat. 241, which provided for availability of appropriations for committee expenses in effectuating research and service work, was from the Department of Agriculture and Farm Credit Administration Appropriation Act, 1957, and was not repeated in subsequent appropriation acts. Similar provisions were contained in the following prior appropriation acts:

May 23, 1955, ch. 43, title V, §509, 69 Stat. 64.
June 29, 1954, ch. 409, title V, §509, 68 Stat. 319.

§ 1631. Protection for purchasers of farm products

(a) Congressional findings

Congress finds that—

(1) certain State laws permit a secured lender to enforce liens against a purchaser of farm products even if the purchaser does not know that the sale of the products violates the lender's security interest in the products, lacks any practical method for discovering the existence of the security interest, and has no

reasonable means to ensure that the seller uses the sales proceeds to repay the lender;

(2) these laws subject the purchaser of farm products to double payment for the products, once at the time of purchase, and again when the seller fails to repay the lender;

(3) the exposure of purchasers of farm products to double payment inhibits free competition in the market for farm products; and

(4) this exposure constitutes a burden on and an obstruction to interstate commerce in farm products.

(b) Declaration of purpose

The purpose of this section is to remove such burden on and obstruction to interstate commerce in farm products.

(c) Definitions

For the purposes of this section—

(1) The term "buyer in the ordinary course of business" means a person who, in the ordinary course of business, buys farm products from a person engaged in farming operations who is in the business of selling farm products.

(2) The term "central filing system" means a system for filing effective financing statements or notice of such financing statements on a statewide basis and which has been certified by the Secretary of the United States Department of Agriculture; the Secretary shall certify such system if the system complies with the requirements of this section; specifically under such system—

(A) effective financing statements or notice of such financing statements are filed with the office of the Secretary of State of a State;

(B) the Secretary of State records the date and hour of the filing of such statements;

(C) the Secretary of State compiles all such statements into a master list—

(i) organized according to farm products;

(ii) arranged within each such product—

(I) in alphabetical order according to the last name of the individual debtors, or, in the case of debtors doing business other than as individuals, the first word in the name of such debtors; and

(II) in numerical order according to the social security number of the individual debtors or, in the case of debtors doing business other than as individuals, the Internal Revenue Service taxpayer identification number of such debtors; and

(III) geographically by county or parish; and

(IV) by crop year;

(iii) containing the information referred to in paragraph (4)(D);

(D) the Secretary of State maintains a list of all buyers of farm products, commission merchants, and selling agents who register with the Secretary of State, on a form indicating—

(i) the name and address of each buyer, commission merchant and selling agent;

(ii) the interest of each buyer, commission merchant, and selling agent in receiving the lists described in subparagraph (E); and

(iii) the farm products in which each buyer, commission merchant, and selling agent has an interest;

(E) the Secretary of State distributes regularly as prescribed by the State to each buyer, commission merchant, and selling agent on the list described in subparagraph (D) a copy in written or printed form of those portions of the master list described in paragraph¹ (C) that cover the farm products in which such buyer, commission merchant, or selling agent has registered an interest;

(F) the Secretary of State furnishes to those who are not registered pursuant to (2)(D) of this section² oral confirmation within 24 hours of any effective financing statement on request followed by written confirmation to any buyer of farm products buying from a debtor, or commission merchant or selling agent selling for a seller covered by such statement.

(3) The term “commission merchant” means any person engaged in the business of receiving any farm product for sale, on commission, or for or on behalf of another person.

(4) The term “effective financing statement” means a statement that—

(A) is an original or reproduced copy of the statement, or, in the case of a State which (under the applicable State law provisions of the Uniform Commercial Code) allows the electronic filing of financing statements without the signature of the debtor, is an electronically reproduced copy of the statement;

(B) other than in the case of an electronically reproduced copy of the statement, is signed and filed with the Secretary of State of a State by the secured party;

(C) other than in the case of an electronically reproduced copy of the statement, is signed by the debtor;

(D) contains,

(i) the name and address of the secured party;

(ii) the name and address of the person indebted to the secured party;

(iii) the social security number of the debtor or, in the case of a debtor doing business other than as an individual, the Internal Revenue Service taxpayer identification number of such debtor;

(iv) a description of the farm products subject to the security interest created by the debtor, including the amount of such products where applicable; and a reasonable description of the property, including³ county or parish in which the property is located;

(E) must be amended in writing, within 3 months, similarly signed and filed, to reflect material changes;

(F) remains effective for a period of 5 years from the date of filing, subject to extensions for additional periods of 5 years each by re-

filing or filing a continuation statement within 6 months before the expiration of the initial 5 year period;

(G) lapses on either the expiration of the effective period of the statement or the filing of a notice signed by the secured party that the statement has lapsed, whichever occurs first;

(H) is accompanied by the requisite filing fee set by the Secretary of State; and

(I) substantially complies with the requirements of this subparagraph even though it contains minor errors that are not seriously misleading.

(5) The term “farm product” means an agricultural commodity such as wheat, corn, soybeans, or a species of livestock such as cattle, hogs, sheep, horses, or poultry used or produced in farming operations, or a product of such crop or livestock in its unmanufactured state (such as ginned cotton, wool-clip, maple syrup, milk, and eggs), that is in the possession of a person engaged in farming operations.

(6) The term “knows” or “knowledge” means actual knowledge.

(7) The term “security interest” means an interest in farm products that secures payment or performance of an obligation.

(8) The term “selling agent” means any person, other than a commission merchant, who is engaged in the business of negotiating the sale and purchase of any farm product on behalf of a person engaged in farming operations.

(9) The term “State” means each of the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, Guam, the Virgin Islands of the United States, American Samoa, the Commonwealth of the Northern Mariana Islands, or the Trust Territory of the Pacific Islands.

(10) The term “person” means any individual, partnership, corporation, trust, or any other business entity.

(11) The term “Secretary of State” means the Secretary of State or the designee of the State.

(d) Purchases free of security interest

Except as provided in subsection (e) of this section and notwithstanding any other provision of Federal, State, or local law, a buyer who in the ordinary course of business buys a farm product from a seller engaged in farming operations shall take free of a security interest created by the seller, even though the security interest is perfected; and the buyer knows of the existence of such interest.

(e) Purchases subject to security interest

A buyer of farm products takes subject to a security interest created by the seller if—
